Submitted Electronically

Subj: Amendment to Update the Surface Facility Map for the Deer Creek Waste Rock Site, PacifiCorp, Deer Creek Mine, C/015/0018, Emery County, Utah

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West"), as mine operator, hereby submits an amendment to update its surface facility map for the Phase 1 area of the Deer Creek Mine Waste Rock Site. The mine has recently installed MSHA required barriers along the access road of the Waste Rock Site where embankment slopes have caused concerns for safety.

The permittee has revised Map CM-10778-DR (Plate 4-5), Deer Creek Mine, Waste Rock Facility, Phase 1 from Volume 10. Two areas along the lower portion of the access road have been protected with boulder barriers. One area along the upper portion of the access road has been protected utilizing jersey barriers. The three areas are illustrated on the said map.

The following revisions are included with this permit amendment application:

Deer Creek Mining and Reclamation Plan

Volume 10, Maps Tab, Map CM-10778-DR, Plate 4-5 (revisions highlighted)

The required C1/C2 forms are included with this submittal. One (1) redline/strikeout map is being submitted electronically for Division review. Once the Division approves this application, the permittee will submit a hard copy of the said map which will include the Professional Engineering certification stamp.

If you have any questions or concerns regarding this activity, please contact Dennis Oakley at (435) 687-4825.

Sincerely,

Kenneth Fleck
Geology and Environmental Affairs Manager
